

# BENEFITS JUNCTION is empowering technology.

The only **enterprise-grade enrollment platform** designed to exceed the needs and expectations of mid-market employers and the benefit advisors who serve them.

- 15 years of success serving the needs of global big businesses
- 7 years of continuous collaboration with UBA member agencies
- Fully integrated with decision assist, and employee communications
- Seamless connectivity with your clients' existing carriers, payroll services and other essential data sources

A powerful, open-architecture platform upon which new features, applications, and performance capabilities are continuously created.

**We configure solutions to meet a virtually limitless variety of needs.**

**Designed, developed, and owned by Workforce Junction, LLC.**

- Our leadership is driven by day-to-day client feedback
- We have 15+ years experience as a benefits advisor and UBA member firm
- Our selected UBA partners play a role in creating functionality
- **What you learn in the field, we implement on the platform**

**Empowering technology makes the complex simple.**
