

ACA REPORTING

LOOKING TO SIMPLIFY ELIGIBILITY TRACKING FOR ACA?

Eligibility tracking as per federal ACA guidelines can be complex, with additional obligations at the state level.

Our compliance tool makes eligibility tracking simple but accurate.

Workforce Junction has partnered with CXC Solutions (CXC), to offer an integrated ACA Reporting solution, with federal and state-level ACA reporting.

WFJ and CXC have integrated our technology platforms to make data feeds easy and accurate and improve the overall customer experience for those who use the WFJ eligibility platform for benefits enrollment.

Especially suited for those who do not want to be gathering and verifying information or utilizing a separate ACA reporting tool themselves.

The WFJ-CXC team will offer the necessary guidance and “hand-holding” through every step of the compliance management workflow to employers.
